

Homophones Wordsearch

Puzzles & Brainteasers

Wordsearch: Can you find all of the homophones hidden in this wordsearch?

- There are 22 pairs of words hidden in this wordsearch (44 words in total).
- Each pair of words are homophones.
- They are words that are spelt differently but sound the same, such as 'cell' and 'sell'.
- The homophone pairs always share one letter in the word search, as shown right.
- Words can be found in absolutely every direction (including diagonally and backwards).
- If you need more help, ask your teacher!
